Title: Application, Reports, and Recordkeeping for the Direct Component and the Centers of Excellence Research Grants Program under the RESTORE Act.

Abstract: The Department of the Treasury administers the Direct Component and the Centers of Excellence Research Grants Program authorized under the RESTORE Act. Treasury awards grants for these two programs from proceeds in connection with administrative and civil penalties paid after July 6, 2012, under the Federal Water Pollution Control Act relating to the *Deepwater Horizon* Oil Spill, and deposited into the Gulf Coast Restoration Trust Fund. Direct Component grants are awarded to the States of Alabama, Louisiana, Mississippi, and Texas, and 23 Florida counties and 20 Louisiana parishes and Centers of Excellence grants are awarded to the States of Alabama, Florida, Louisiana, Mississippi, and Texas. The information collection for both programs identifies the eligible recipients; describes proposed activities; determines an appropriate amount of funding; ensures compliance with the RESTORE Act, Treasury's

regulations, and Federal laws and policies on grants; tracks grantee progress; and reports on the effectiveness of the programs.
